Race Director Notes:

"New men's (11 mi) record. 55 runners incl. one DNF (Jeanne Blatter, ankle injury). Ideal weather & very congenial group including 9 from Montrose." The R D also commented on race expenses -- which included \$15 from "BestWay" Port-a-potty for "temp. fuel surcharge!"

11 mile: Bernie Boettcher set a new record (1:09:46) and was about 90 seconds ahead of Lenny Staats. Ricky Denesik journeyed over from Telluride to place 3rd. First woman in the longer event was Amy Jordan (2:10:04) while one second back was Molly Moyer.

7 mile: Robb Reece recorded a 52:12 -- a 2-&-1/2 minute margin over Scott Olson. Larry Ingram (56:19) was 3rd and must have set an age group record... Shawn Hayes may have set a record as well (61:04) -- as the women's record not too long ago was 63-some. Second woman was D Plunkett.
